## **GOODGUYS ANNOUNCES 2022 SHOW SCHEDULE AND ADDS 25-YEAR ROLLING RULE TO OPEN SHOW TO MORE VEHICLES**

*2022 schedule includes 17 events and vastly expands the reach and appeal of the national car show series with new vehicle eligibility guidelines*

**PLEASANTON, Calif. (October 26, 2021)** – Goodguys, America’s favorite car show, today announced its 2022 event schedule along with several date and guideline changes for the coming year. The 2022 season will feature 17 events across the U.S. and new vehicle eligibility criteria that will open the events to a new generation of automotive enthusiasts.

The most notable shift for 2022 is an updated national event vehicle year eligibility cutoff. The new-cutoff moves from the current 1987-and-older eligibility to a rolling 25-year eligibility, thus allowing owners of newer classic and custom cars to share their passion for the ever-evolving car culture landscape. For the 2022 National event series, this means any vehicle from 1997 or prior will now be eligible to participate all weekend long.

Goodguys “Get-Together” events will continue to welcome all years of American made or powered vehicles. Additionally, Meguiar’s All American Sundays taking place at all National events will continue to welcome all years of American made or powered vehicles.

“Our goal with the new 25-year rolling eligibility requirement is to continue opening our gates to the massive community of collector cars from the late 1980s and 1990s,” said Andrew Ebel, COO of Goodguys Rod & Custom Association. “We believe this is just one of the next steps in the evolution of our events that will help highlight new trends and attract a new generation of builders and enthusiasts to our shows.”

In addition to the new vehicle eligibility guideline, the 2022 event calendar includes several schedule changes. The 16th BASF Nashville Nationals will have both a date and location change, now taking place May 13-15, 2022 and held at Nashville Superspeedway in Lebanon, Tennessee. The 20th Great Northwest Nationals will also shift weekends in 2022 and will take place earlier in the season, June 10-12, at the Spokane County Fair & Expo Center in Spokane, Washington.

The changes to next year’s 17-event schedule set the stage for an exciting 2022 season, with thousands of registered vehicles and tens-of-thousands of spectators expected at each show. Goodguys’ events have continued to grow in popularity thanks to included activities like the Goodguys CPP AutoCross Racing Series, the Goodguys “Top 12” awards, and Burnout Competitions, which add dynamic and popular elements to the events for the thousands of enthusiasts who attend each day.

Goodguys Members can take advantage of “Early-Bird” pricing and save \$15 off the at-event price for any 2022 National event between now and December 31, 2021 by visiting [www.good-guys.com/events/2022-events](http://www.good-guys.com/events/2022-events).
